# ART AMBASSADORS

An independent decentralized community of art professionals, which includes art managers, cultural project producers, art entrepreneurs, art event organizers, gallery owners, art critics, curators, researchers of the contemporary art process, journalists writing about culture, as well as specialists in PR and digital technologies in art.

# MISSION

- Through the international professional consolidation, Art Ambassadors creates a platform for dialogue, reflection, effective interaction, experience exchange, research, knowledge enhancement, mutual support and development of activities within the priorities of the association.
- Our support enables artists to work in an ever-changing modern world; to stay in a global cultural context, promote international cooperation and grow professionally.
- We strongly believe in the importance of our activities and hoping to build a supranational cultural and humanitarian agenda, based on mutual multicultural respect, creativity and security.

# PRIORITIES

- Support representatives of the art community and independent art initiatives aimed at multicultural dialogue.
- Develop a strategy and program of work of the Community, aimed at the long term.
- Create an infrastructure and a set of tools and resources available, for the systematic and methodical work of the art community members.
- Interact with professional associations, communities and initiatives with similar values worldwide.

# CURRENT ACTIVITIES

- Free consultation by practitioners in the areas of visa / psychological / legal assistance / logistics / digitalization / insurance / sales / PR & Marketing / digitalization and NFT.
- Regular reviews of opportunities for artists - competitions, awards, art residencies, grants.
- Open educational programs on professional updating of art community members.
- Interaction programs for brands/companies and artists/art projects/initiatives.
- Support packages for cultural initiatives and cultural entrepreneurs.
- Regular research of the art ecosystem, preparation and visualization of analytics.
- Exhibitions and discussions of events in various formats (offline/online/ hybrid).
- Interviews with representatives of the art community.
- Open database of the art ecosystem (institutions/initiatives/events/research).
- Administration of crowdsourcing and fundraising campaigns.
